The program will be presented by Matt O’Hanlon, National Sales Manager for Metal-Era. Matt received his BS from Columbia University in 1998 and has over 11 years of experience in the roofing industry. The intent of Matt’s presentation is to provide a better understanding of the ANSI/SPRI ES-1 document, as well as the benefits of specifying an edge metal flashing that is performance-tested to the ANSI/SPRI ES-1 method. Matt will discuss previous wind-design standards, the need for the ANSI/SPRI ES-1 Standard, and key components of the ES-1 Standard. The presentation will also include calculation of wind-design pressures.
